

Razom, which means “together” in Ukrainian, was formed in 2014 to support Ukrainians in their quest for freedom. For nine years, we steadfastly built connections and partnerships with dozens of organizations. Our success is rooted in these collaborations. We create spaces where people meet, partner and act.

When Russia invaded Ukraine for the second time in 2022, this network proved invaluable. By working together [Razom], we were able to funnel critical humanitarian aid quickly and effectively to where it was needed most. With your help, we strengthened and solidified our network, so we can scale and continue to support Ukraine now and in the years ahead.

Over the last year, we have focused our efforts on these five critical areas of support:

RAZOM ADVOCACY: Stop the bombing

Advancing bipartisan policy and engaging constituents and community leaders in the U.S. in support of a secure and democratic Ukraine.

RAZOM HEROES: Stop the bleeding

Delivering life-saving aid to the first responders and front-line medics.

RAZOM HEALTH: Supporting Ukraine's health systems

Building a healthcare system with the supplies and skills to serve Ukrainians now and after victory.

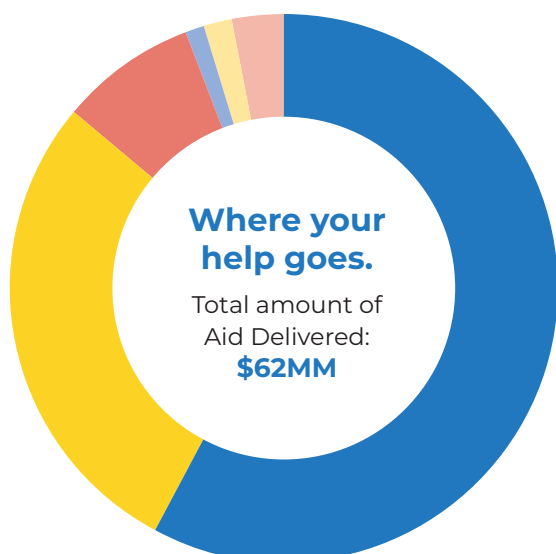

RAZOM RELIEF: Help civilians rebuild and continue to strengthen civil society

Investing in vetted grass-roots NGO organizations in Ukraine that supply aid to vulnerable communities.

RAZOM CULTURE & CONNECTIONS: Connect Ukraine to the world

Amplifying voices from Ukraine in the U.S. and around the world through educational programs, volunteer opportunities, and the arts.
